

SOUND CHECK: FEATURES

PROBLEM

When Frida receives a call it is her job to quickly find a quiet and confidential location in order to devote her full attention to the caller. Finding this location is always a **struggle**. Because of this, she is always **hesitant** to go out with her friends or leave her house.

SOLUTION

Frida pulls out Sound Check from her phone case as soon as she gets a call and it suggests different locations she could go in order to have a high quality phone call. This allows her to maintain **peace** and **privacy** while on call.

VERSATILE

Case customized to fit on most smart phones

SIMPLE

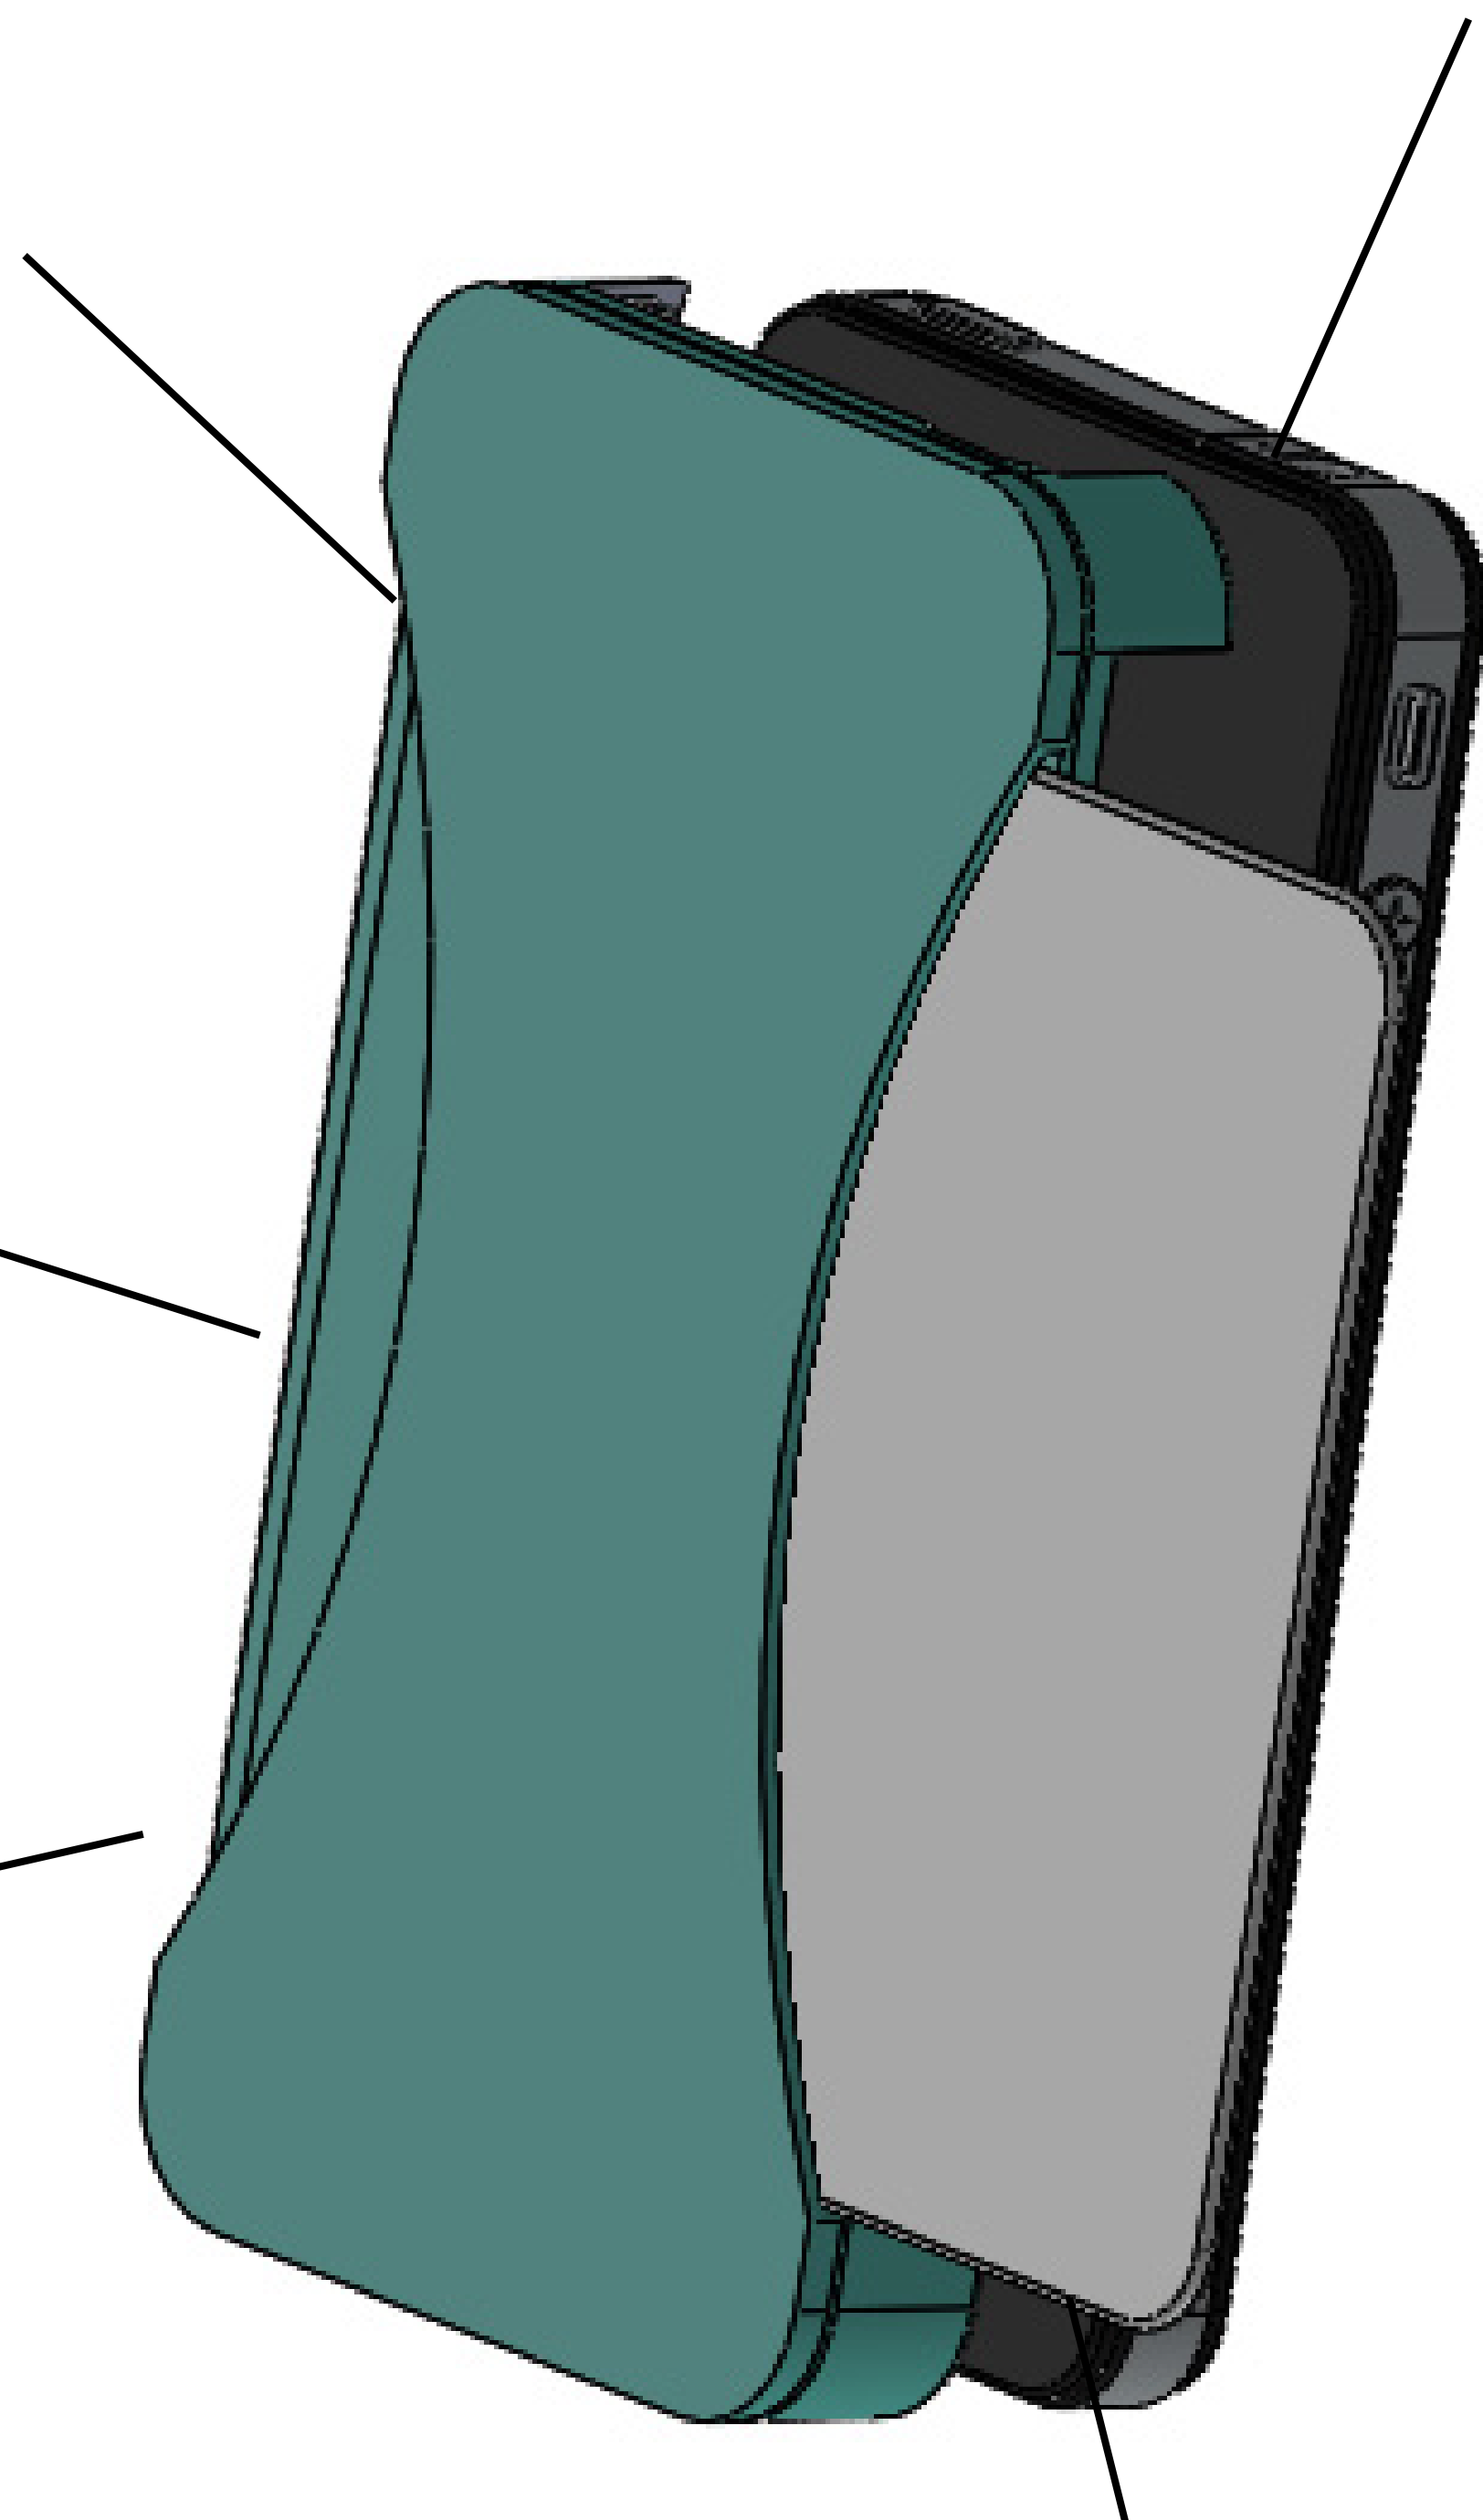

Sound Check fits in phone case and can be easily pushed when in use

CHARGES

When the phone is charging, the phone case charges Sound Check

DISCRETE

The case is not flashy so it will not draw attention

CONVENIENT

Because advocates always carry their phones, Sound Check is always within reach

FINDING PEACE IN PUBLIC
